

Goal: The goal of JobTinder is to actively look for a place where innovations and solutions come together to make for the best workforce an employer could find. JobTinder can help millions of people around the globe find the perfect fit for them when it comes to the workplace, whether that would be a full-time/part-time job, an internship, or a co-op. No longer do employers have to skip people or look at resumes from a quick glance, as JobTinder's easy-to-use interface allows employees and employers alike to find one another by simply swiping left for a rejection or right for an interview.

Team generated featured list:

- Is able to filter what kind of job I am looking for (Internships, full-time, co-ops, etc)
- Ability to filter by points other than just interest, like hours or remote work
- Able to upload my resume and list my skills
- Able to enter in a short description of me for employers
- Able to privately message a recruiter with end-to-end encryption
- See/swipe through lots of potential employers quickly
- Automated schedule times to meet with employers
- Automatically send out my resume if I swipe right on a job
- Display desired requirements for the position being offered.
- A way to narrow down and filter the results shown by matching the users to jobs that correspond with their major and location.
- View and track my activity within the application and have the ability to easily follow up on submitted applications.
- Filters listings
 - (Interests, Internships, full-time, co-ops, location, etc)
