

The goal of the app: simplifying the job search process for the college students by providing a platform where they can easily swipe right or left to apply for jobs.

The team generated feature list:

- Filters listings
 - (Interests, Internships, full-time, co-ops, location, etc)
- User Profile
 - Basic demographic information
 - Biography
 - Resume / CV
 - Activity Logs
- Message the recruitment team for a company directly.
 - End-to-end encryption
- Quickly, easily and simply view the job title, description, salary and requirements of open job listings.
- Easily apply to these positions utilizing existing resume and profile information, without the need to retype everything. "1 Swipe Apply"
